

WHAT NUMBER DO I CALL IF I HAVE A WATER OR WASTEWATER EMERGENCY?

If a water or wastewater emergency occurs such as an outside line break, call the District office at 303-979-7286. If the emergency occurs after hours, again call 303-979-7286 and it will direct you to the emergency number. Please keep in mind that if the problem is within your home, you should call a plumber.

WHAT IS THE DISTRICT'S RESPONSIBILITY REGARDING WATER AND SEWER LINES?

The District owns, operates, maintains and repairs all water and sewer main lines. Main lines are large pipelines generally located in streets or open spaces, which serve more than one residence or facility. The homeowner is responsible for the service line beginning at their property line to and throughout their home.

WHERE DO WE GET OUR WATER?

When the Roxborough Park Metro District purchased the 1958 vintage water plant from the City of Aurora in 1972, it also contracted a water agreement for 50 years. Aurora has a diversion pipe at Strontia Springs Reservoir (6 miles up Waterton Canyon on the South Platte River). From that point it is piped to the Aurora Rampart Reservoir which is just southeast of the Fire Station entrance to Roxborough State Park. The District, by pipeline, takes the water from the reservoir to the District water plant for treatment, whereby it is delivered to the area. The District uses no ground water in its water supply. The District's water treatment is regulated by the Colorado State Department of Health.

ROXBOROUGH PARK METROPOLITAN DISTRICT (RPMD)

WHO ARE WE?

The District is a quasi-governmental entity that operates as a special district. The District is established under title 32 of the Colorado State Statute as a political subdivision of the State of Colorado. It is quasi-governmental because it is a taxing entity and has all the powers of a government entity except law enforcement.

WHAT SERVICES DO WE PROVIDE AND TO WHOM?

RPMD provides water and wastewater services to residents and property owners of Roxborough Village and Roxborough Park subdivisions, which are within the District boundaries.

WHO ARE THE PEOPLE ON THE DISTRICT'S BOARD AND HOW ARE THEY CHOSEN?

The Board of Directors are your neighbors. All the members are residents and property owners of the District. They are elected by registered voters of the State of Colorado that own property or reside within the boundaries of the District. Directors are elected to staggered 4-year terms.

WHEN DOES THE BOARD OF DIRECTORS MEET?

The Board of Directors meet regularly on a monthly basis. There are also special meetings scheduled when the need arises. All meetings are open to the public and are posted, at least 72 hours before the meeting. Notices are posted at the District office, the Loaf 'N Jug and at two other public places within the District.

WHERE ARE WE LOCATED?

We are located in West Metro Fire Station #15 located at 6222 N. Roxborough Park Road at the intersection of Rampart Range Road and Roxborough Park Road. We are open from 8:00 a.m. to 4:30 p.m. Monday through Friday. We also have a payment drop just to the right of the main entrance for your convenience.

WHAT IS THE DIFFERENCE BETWEEN THE RPMD AND THE ROXBOROUGH PARK FOUNDATION?

The Roxborough Park Metropolitan District provides water and wastewater services to the Park and Village areas and is a government entity organized and regulated by state statutes. The Roxborough Foundation is a nongovernment entity, nonprofit private organization, property-owners association that provides parks and recreation, trash removal, snow removal and roads and covenant control to the property owners in the Park.

WHAT IS THE DIFFERENCE BETWEEN THE RPMD AND THE ROXBOROUGH VILLAGE METROPOLITAN DISTRICT?

The Roxborough Park Metropolitan District provides water and wastewater services to the Park and Village. The Roxborough Village Metropolitan District provides streets, lighting, parks and recreation, mosquito control and drainage services to the Village area. Both are governmental entities organized and regulated by state statutes.
